

Aperture commercial schedule

APR-03 · Version 1.0 · 2026-08-27 · Aperture Reliability Systems · submitted

APR-03 T1

Line	Item	S\$ ex GST
C1	Instrument and required controls	S\$ 389,000
C2	Mandatory options	S\$ 16,000
C3	Installation and SAT	S\$ 22,000
C4	Eight-person training	S\$ 7,000
C5	Service through 2030-03-31	S\$ 34,000
C6	Total evaluated price	S\$ 468,000

APR-03 §2 — Every mandatory item is included in the S\$468,000 price excluding GST. There is no alternative lower-price submitted configuration.

APR-03 §3 Quoted-price basis

APR-03 §3.1 — The submitted total of S\$468,000 is in Singapore dollars excluding GST and applies to the configuration stated in APR-02. The line items distinguish equipment and controls from installation, acceptance, eight-person training and the signed service obligation. The C6 figure is the total for tender comparison; no allowance should be added or removed without checking the item to which it relates.

APR-03 §3.2 — The C5 line includes the fixed service term described in the signed service schedule. The tendered total does not rely on an unpriced mandatory option. Any optional research accessory is outside the minimum configuration and would require a separate decision.

Fictional training case; all people, organisations, products, rules and events are invented.
