PRG-03 §2 — No 48-position hardware expansion is included or priced. GST is excluded and separate. The submitted price is for the 24-position system described in PRG-02.

PRG-03 §3 Quoted-price basis

PRG-03 §3.1 — The submitted total of S\$296,000 is in Singapore dollars excluding GST and applies to the configuration stated in PRG-02. The line items distinguish equipment and controls from installation, acceptance, eight-person training and the signed service obligation. The C6 figure is the total for tender comparison; no allowance should be added or removed without checking the item to which it relates.

PRG-03 §3.2 — The C5 line includes the fixed service term described in the signed service schedule. The tendered total does not rely on an unpriced mandatory option. Any optional research accessory is outside the minimum configuration and would require a separate decision.

Fictional training case; all people, organisations, products, rules and events are invented.
