

Task 2 leadership-slide brief

TASK2-001 · Version 1.0 · 2026-09-03 · Workshop Team · approved

TASK2-001 §1 — Timebox: 15 minutes. Prepare one editable leadership slide for the Executive Approval Committee from your verified Task 1 result. State one main message and the approval or next action sought. Use the supplied corporate slide template and PPTX generator skill.

TASK2-001 §2 — Show mandatory compliance as a gate before any weighted comparison. Compare only eligible bids by score; do not imply a failed bid merely ranked lower. Reproduce verified figures and keep compact exact source notes on the slide or in its supporting material.

TASK2-001 §3 — Check that every numerical and categorical slide claim matches the source and that the visual emphasis does not conceal uncertainty. Human due diligence and approval remain necessary.

Fictional training case; all people, organisations, products, rules and events are invented. This is not A*STAR policy or Singapore procurement law.
