

Task 1 verification brief

TASK1-001 · Version 1.0 · 2026-09-03 · Workshop Team · approved

TASK1-001 §1 — Timebox: 15 minutes. Leadership has received INITIAL-001–003. Check the decision-relevant claims against the complete case bundle, using exact source locations and the tender's authority rules. Correct the recommendation if the evidence requires it.

TASK1-001 §2 — Deliver one corrected key conclusion, a short claim-to-source table and one reusable verification prompt. Record the source value, transformation, documentary status, uncertainty and what changed. A genuine gap should be recorded as unresolved rather than filled by assumption.

TASK1-001 §3 — The same files and tool access should be used for the simple and structured prompt trials. Work on a representative subset of material claims yourself.
